

## **Dr. Nilab Osman Joins TIPS**

*Dr. Osman brings to TIPS an in depth understanding of pharmaceutical and medical device development across all phases of the clinical trial process*

**Hamilton, Ontario** – September 13, 2022 –The Infection Prevention Strategy (TIPS) is pleased to announce that Dr. Nilab Osman has joined TIPS and will be a principal advisor for the TIPS Science to Market® Program

"The TIPS Science to Market® Program exists to advance innovations, ideas, and processes that make a difference in global health; Dr. Osman will help advance and lead conversations for clinical trials and medical devices." – Michael Diamond, Executive Director, TIPS

Dr. Osman is a board-certified Neurologist with over 15 years of experience in all stages of preclinical and clinical development across a wide range of therapeutic areas within the pharmaceutical, biotechnology and medical devices sector. She has held senior positions at CROs, Amgen, Medtronic and Janssen Pharmaceutical, along with a strong background of academic and translational research. Dr. Osman is passionate about improving the quality of life of patients, and improving access to resources particularly those in the developing world.

Dr. Osman brings to TIPS an in depth understanding of pharmaceutical and medical device development across all phases of the clinical trial process. She will utilize her expertise as a physician with acumen in clinical development to help guide candidates through the TIPS Science to Market® Program.

### **About TIPS:**

The Infection Prevention Strategy (TIPS), launched in 2015, is a not-for-profit organization that exists to advance technologies, programs, and processes that make a difference in global health. TIPS is the key strategic partner for many notable organizations, initiatives, and events. In the past few years, TIPS has contributed millions of dollars' worth of scientific impact through various programs and initiatives. For more information, visit **www.IC.tips**
