

TIPS 2023 Infection Prevention Road Show Announced

TIPS is taking the “Conference” to the facility!

The 2023 tour being planned includes Hospitals, Hotels, Food Production, Education, Nursing Homes and other environments in four cities!

Hamilton, Ontario – September 26, 2022 –The Infection Prevention Strategy (TIPS) is pleased to announce the relaunching of the much anticipated multi-city, multi-country, Infection Prevention tour. Originally, planned for 2020 and canceled due to the pandemic, this multi-city and facility tour will showcase leading technologies and programs, focusing on their science and practicality.

"Our ability to take these innovations into board rooms is a critical step forward in advancing game changing technologies and programs" – John LaRoche, Board Member, TIPS

The TIPS Infection Prevention Road Show will focus on air, water, surfaces, and hand hygiene. The TIPS team will visit facilities in New York, Boston, Montreal and Toronto. Each visit will include an oral, visual and hands on presentation to primary stakeholders of the facilities.

TIPS invites organizations to submit formal requests for consideration by applying to the TIPS Science to Market® Program: (<https://ic.tips/apply/>). There are no fees for applying or participating in this program. Sponsorships are welcome, but not required. All are encouraged to apply. The TIPS team will review each application and make final determination of technologies and programs to be showcased by December 10, 2022.

"The TIPS Infection Prevention Road Show is putting into practice our motto of: Join. Contribute. Make A Difference!" - Michael Diamond, Executive Director, TIPS

About TIPS:

The Infection Prevention Strategy (TIPS), launched in 2015, is a not-for-profit organization that exists to advance technologies, programs, and processes that make a difference in global health. TIPS is the key strategic partner for many notable organizations, initiatives, and events. In the past few years, TIPS has contributed millions of dollars' worth of scientific impact through various programs and initiatives. For more information, visit **www.IC.tips**
