

## Shari L. Solomon Joins TIPS

*Shari brings to TIPS leading experience in risk management, industrial hygiene, health and safety, and environmental hygiene*

**Hamilton, Ontario** – May 9, 2023 – The Infection Prevention Strategy (TIPS) is pleased to announce that Shari L. Solomon, Esq. has joined TIPS as an advisory board member, health and safety lead and key segment advisor.

"We are excited that Shari has joined the team and look forward to the development of new educational material and platforms focusing on facility training, health and safety and litigation support" - Michael Diamond, Executive Director, TIPS

Shari Solomon is president of CleanHealth Environmental, LLC. CleanHealth provides infection prevention, industrial hygiene and OSHA training and consulting services geared toward facility personnel and vendors responsible for infection prevention, cleaning and disinfection, and facility operations and maintenance practices. Ms. Solomon possesses more than 20 years of environmental consulting and federal regulatory experience. An attorney by trade, combined with her experience in the industrial hygiene field with a focus on infection prevention, Shari holds a unique expertise and understanding of liability prevention techniques, offering clients practical and valuable risk management solutions.

Prior to launching CleanHealth, Shari held the position as Director of Training with a full service industrial hygiene firm and was charged with the development and oversight of all training programs nationwide. Ms. Solomon's has trained thousands of individuals, both here and abroad, spanning 20 years. Shari also conducts infection prevention services including policy and procedure program development, infection prevention evaluations, litigation support, and environmental quality assessments.

Ms. Solomon is a Designated Trainer under the Certified Healthcare Environmental Services Technician Program (T-CHEST) from The Association for the Healthcare Environment (AHE) of the American Hospital Association as well as a member of Durable Coated Fabrics Task Force, affiliated with the American Academy of Healthcare Interior Designers (AAHID). Shari is a Certified Indoor Environmental Consultant (CIEC) through the ACAC and holds a Bachelor of Arts degree from the University of Florida and a Juris Doctorate from The Catholic University of America.

**About TIPS:**

The Infection Prevention Strategy (TIPS), launched in 2015, is a not-for-profit organization that exists to advance technologies, programs, and ideas that make a difference in global health. TIPS is the key strategic partner for many notable organizations, initiatives, and events. In the past few years, TIPS has contributed millions of dollars' worth of scientific impact through various programs and initiatives.
